

## COVID-Safety Statement of Roselea FC

Roselea FC is committed to providing the safest and healthiest environment possible for all our club activities. However, it is recognised that Covid safety ultimately requires responsible individual actions by all club members and other participants in club activities.

The club recognises and follows the advice on Covid safety out by Football NSW (FNSW) and endorsed by North West Sydney Football (NWSF). [Go here](#) for the latest advice from FNSW.

The following outlines the position of Roselea Football Club (RFC) as regards COVID-Safety as at 17 Jan 2022.

### Roselea Football Club

- recommends full vaccination of all players and participants in all club activities as the best practice to reduce the transmission and minimise the impact of COVID infection.
- asks all club members to observe social distancing protocols as far as practical at all Club activities and events
- requires that no player, parent, carer or family member attends training, matches or club events if they
  - are unwell in any way
  - have tested positive to COVID – either RAT or PCR tests until the required isolation period is completed and the player achieves a negative test.
  - deemed a close contact of a person who has tested positive

Players, or club members, who test COVID positive (RAT or PCR test), or are isolating as a deemed close contact, must

- immediately contact their team manager and advise of the period of required isolation AND
- ALSO contact their relevant [Football Director](#) to be included on the list of club members who are isolating and the period of that isolation
- Also advise the team manager AND relevant football director prior to returning to either training or match activities

All players and participants must adhere to good COVID-safe hygiene factors including

- no sharing of water bottles
- regular hand cleansing
- avoiding unnecessary close contact and gatherings

If you wish to discuss any matters in relation to COVID-safety within our football club environment, please raise the matter initially with the [Football Director](#) of your age group or contact me directly at [president@roseleafc.com](mailto:president@roseleafc.com)
